## HARVEST APPEAL 2020

What a year we have had so far! The Covid-19 pandemic has affected us all, and those who have come to our door recently have been struggling to find enough food - some have even been sanctioned during this period which we find to be so inhumane.

As always, we are grateful for your ongoing support, and we reach out to you, yet again, for your continued support. We are interested in all ambient food items and here is a reminder of what goes in our basic food parcel:

**Tinned:** fish, meat or vegetarian, soup, baked beans, vegetables, rice pudding or custard and fruit. **Dried** pasta or rice, cereal, long-life milk and tea bags.

We also serve hot drinks along with sandwiches and biscuits - so, anything that would contribute to this is always gratefully received.

Donations of money are also very helpful as we buy in food and help people with gas/electric top-up and bus fares.

**NEWS UPDATE:** We have another member in our household! Rev'd Alison Jones moved in during April to live alongside us and help us run the Loaves and Fishes Project - please pray for us as we settle in together. As always, yours in Christ,

Teresa Mary CSC  
Sister in Charge

Rosina CSC

Alison
